RESPECTFULLY SUBMITTED;
Marilyn S. Bedell, C.T.C.
MONROE TOWN CLERK

The past year of 2009 has been very busy and has seen lots of changes. The State of New Hampshire Motor Vehicle fees for registration have been raised by the State as one of their ways of making up for the money shortages. Most vehicles will see a rise of \$30.00 to \$45.00 on their state fee as well as a rise in the cost of their vanity plates, which went from \$25.00 to \$40.00. The good news is that we are now able to do the entire paperwork even for lease transfers to private owners without having to send you on to Twin Mountain. Most people are pleased to be able to do all of their registration work in one place, but those who would like to save the \$3.00 fee per registration are able to do just the town portion and mail the state portion.

The Ryegate Small Animal Clinic will be holding another Rabies Clinic for area towns on Thursday March 25th, from 6 p.m. to 7 p.m. Please bring your dogs on a leash or in a carrier and your cats in carriers as it gets very loud and noisy and it can be very frightening for our pets. I will be there, representing Monroe, and will be prepared to do any dog licenses for Monroe residents and to take copies of rabies paperwork for filing in my office. This is a much less expensive way for you to have your animal vaccinated and Dr. Jill will do other types of vaccinations also. She will even go out to your vehicle, if your animal is too frightened of the other animals.

MONROE PUBLIC LIBRARY ANNUAL REPORT

Libraries are not made; they grow. ~ Augustine Birrell

March 2010 marks the 115th year the Town of Monroe has had a public library. During this time the library has grown from a collection of about a 100 books housed in private homes and open to the public for a few hours a week to a centrally located building devoted to providing a variety of materials and services. We have the usual array of books and magazines as well as a public use computer and wi-fi. We offer a pre-school story hour, a summer reading program for school aged children, and a meeting place for groups. Becky Rule's program last fall was very successful so we'd like to sponsor similar programs in the future. Is there something else you'd like to see offered? Let us know, we'd love to do all we can to grow with the community's needs.

The library trustees made the decision that as of January 1, 2009 the library bills would be paid out of the town account. The detailed spending is therefore shown in the town budget.

The library has a checking account which had \$772.58 in it as of December 31, 2008. In 2009 we received \$594.94 in donations and \$1.67 in interest. One check was written in the amount of \$322.00 for the Becky Rule program during the Harvest Festival. As of December 31, 2009 there was a balance of \$1,047.19.

Last, but not least. A very special thank you goes to Nellie's Nest™ for the generous donation to help support young readers. It is our plan to use this money during the summer reading program to connect kids with books.

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen
Town of Monroe
Monroe, New Hampshire

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Monroe, New Hampshire as of and for the year ended December 31, 2008, which collectively comprise the Town of Monroe's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Monroe's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town as of December 31, 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis on pages 3 through 7, the Budget and Actual – General Fund on page 33 and Combining Balance Sheet – Non-Major Governmental Funds and Combining Statement of Revenues, Expenditures, and Changes in Fund Balances – Non-Major Governmental Funds on pages 34 and 35 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 11, 2009 on our consideration of the Town of Monroe's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Report of the State Police 2009

I would like to take this opportunity to communicate to the residents of Monroe a report of activity of the calls for service that the State Police have responded to in your community during the last year. This will hopefully provide you with a good baseline and understanding of the present law enforcement needs that currently exist within the community, as well as serving as a guide to determine what level of law enforcement resources the community desires based upon the current trends and expectations of the residents as they look forward to the future.

Currently the State Police respond to calls as requested as part of our regular patrol duties, as well as providing troopers to conduct law enforcement patrols specifically dedicated to your community as requested by the town.

During 2009 the State Police responded to and investigated the following calls for service in the town of Monroe:

Assault (Simple	1	Criminal Threatening	1
Motor Vehilce Accidents	11	Burglary	1
Harassment	2	Juvenile Cases	1
Civil Standby	1	Domestic Dispute	1

2009 was a quiet year for the Monroe Fire Dept. in regards to the number of calls, but two of those calls stood out from the rest. The dept was involved in the five-alarm structure fire in St. Johnsbury and also participated in the successful water rescue of two teenagers at the McIndoes dam.

We would like to extend a big thank you to the community for their support of our breakfast fundraisers. Our holiday breakfast raised \$420.00 that was donated to families in town.

As always we would love to see some new members in the department. If you are interested please give me a call at 638-2294 for more information. You can also come down to the village station on the 1st or 3rd Mondays at 7:00.

Respectfully submitted,
Russell T. Brown
Monroe Fire Chief

Annual Report of the Monroe *F.A.S.T.* Squad

01/01/2009 - 12/31/2009

The Monroe F.A.S.T. Squad responded to 28 calls in 2009, of the following types:

- 13 Medical Emergencies**
- 6 Trauma Calls**
- 5 Motor Vehicle Accidents**
- 4 Mutual Aid or Assist to Fire Department**

In 2010, all EMT's will be required to re-certify with the National Registry of Emergency Medical Technicians and renew their New Hampshire emergency services provider's licenses for another two years.

We are always looking for new members. Interested parties should contact Bob Regis or Monica Jaynes.

As always, we would like to thank the town of Monroe for its continued support through participation in our annual fund raising events.

Respectfully submitted,

Robert T. Regis, *Squad Chief*

Report of Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 1-800-498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfi.org.

Spring fire season was unusually short this past year, with wet weather beginning the third week in April and lasting virtually all summer long. Consequently both the number of fires and the number of acres burned were below the last five year average. Due to state budget constraints, the staffing of our statewide system of 16 fire lookout towers was limited to class III or higher fire danger days. Despite the reduction in the number of days staffed, our fire lookout towers are credited with keeping most fires small and saving several structures this season due to their quick and accurate spotting capabilities. The towers fire spotting capability was supplemented this year by contracted aircraft and the Civil Air Patrol when fire danger was especially high. Surprisingly the largest single fire this year occurred in late November during an unusual dry spell, in the northern Coos County town of Clarksville. This fire burned 17.1 acres and is presumed to have been caused by a careless hunter. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2009 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department and the state's Forest Rangers by being fire wise and fire safe!

*Executive Councilor
District One*

Report to the People of District One By: Executive Councilor Ray Burton

2009 was indeed the year of American Recovery and Reinvestment Act (ARRA)/Stimulus Funds in New Hampshire!

As of November 4, 2009, \$579,305,870.00 had been allocated in New Hampshire in nine areas: business/community; education; employment; energy; health; housing; safety; technology and transportation. Of that \$181,463,876.00 went to Council District One towns and cities and the counties of Belknap, Carroll, Coos, Grafton and Sullivan.

The ARRA money has enabled local, state and county government to work on projects that have been in process and planning for years. For a complete listing of these projects go to:
www.ed.state.nh.us/education/recovery/index.htm or write to my office.

Governor Lynch has now submitted the New Hampshire Transportation Plan to the New Hampshire House and Senate. Highways/bridges, rail, aviation and public projects are among the proposed recommendations. Contact your local State Senator and Legislator for details about what projects you believe to be key ones for your region.

As Councilor, I do not see new revenues being raised in New Hampshire State Government. With the decline in existing revenues leading to cut backs in services, only time will determine what the law making branch has in mind for new dollars. Keep in close touch with your local State Senator and Legislator to make sure costs are NOT passed on to county and local government.

The Governor and Council are required by law to fill dozens of boards and commissions with volunteers. If you are interested in serving, please send a letter of interest and your resume to Governor John Lynch, Attention: Jennifer Kuzma, Appointment Liaison, State House, 107 North Main Street, Concord, NH 03301. For the current list of what possible appointments might be coming up go to:
<http://www.sos.nh.gov/redbook/index.htm>.

There is a constant flow of informational items available at my office: tourist maps, consumer handbooks and the New Hampshire Constitution. Each Monday I send, via e-mail, the schedule of my weekly meetings and other information. Send me your e-mail to be added to the list at rburton@nh.gov or find the schedule on my State House web page at: <http://www.nh.gov/council/district1/schedules>.

Contact my office anytime I can be of help.

Dear Friends,

This year has been an exceptional tough year, not only for our region, but the entire country. We realize that all of our communities have struggled with budgets and the economic hardships of it's citizens and we hope that North Country Council has been able to help. We would like to thank all of you for your support of the North Country Council this past year.

We continued to deliver planning services throughout the region. We have and we will continue to adjust our capacities to respond to the needs of the communities and you will see this in the programs that we will be introducing in the coming years. We are continuing our Community Outreach program targeted at helping our planning boards in the difficult tasks of managing the planning activities in their communities. These programs, as well as all the traditional programs in master planning, solid waste management, natural resource planning, Brownfields Assessments and transportation planning, will continue to be a focus of North Country Council. Our primary focus this year has been on economic development as we try to respond to the economic downturn in the region. We continued our strong relationship with the Department of Commerce and the Economic Development Administration (EDA) in bringing funding and project development to the region. We applied for and received a number of very significant grants from EDA for the region as well as a significant Brownfields Grant from EPA.

Again, thank you for all of your support for the Council. I hope that my staff and I can continue to be of service to your community. The Council is here to serve you. It is your organization. Our staff and Board are committed to responding to community need. If there is a project or a need in your town, please call us. We are dedicated to both supporting our individual towns and promoting regional unity in the North Country.

Respectfully submitted,

Michael King

Dear Friends:

We would very much like you to consider contributing to the West Barnet Senior Meal Site again this year. Our food, fuel, and supply costs continue to increase just as every one's does.

We are fortunate that our attendance has been very good this year, even with our cook, Susan Woods, being out recovering from knee surgery. We were fortunate to have Leo and Jean Beaulieu fill in as cooks and they did a wonderful job. We are very happy that Susan is back with us, everyone missed her.

We prepared and served the, "McLure Band Supper again this year on Dec 13th to raise money for the meal site. We have received donations in memory of friends and volunteers who have let us this year.

We served 6,108 meals on site and 4,143 meals to home-bounds for a total of 10,251, an increase of 2,318 over last year. We feel the increase may be an indication that seniors have to cut back on their food budget in order to meet other needs.

Last year we served 4,743 meals on Site and 3,190 Homebound meals for a total of 7933

Our meal site serves many seniors on-site and homebound in surrounding towns. We continue to have many friends from Monroe who volunteer at our meal site and others that are regulars at the meals or receive homebound meals, we are grateful for everyone of them.

We would greatly appreciate your support again this year, which may be sent to Audrey Bogie, Box 150 Whitehill Rd. East Ryegate, VT 05042.

Thanking you in advance.

Sincerely

Doreen White, Secretary

Dear Members of the Board of Selectpersons:

We would like to thank the Town of Monroe for letting us operate out of Monroe. We had an increasingly busy year in 2009, with 25 new patients and patient visits totaling over 2500 for the year-up from 2000 in 2008. We are glad to be able to provide \$25,000 in Free Care services as it is a benefit to the community. We currently see about 180 Monroe patients including those whom stopped in for the seasonal flu shot.

We would like to thank those who attended the Red Cross blood drive we sponsored; there was one lucky winner of a \$25 gas card. We will plan to hold more through out the year with one in the spring and one in the fall. Our H1N1 clinics this January were a success and the seasonal flu shots are always open to the public.

We are excited with the new technology changes coming to health care and look forward to the prospect of moving forward to Electronic Medical Records.

Lili Cargill, ARNP is here four days a week for adult medicine and psych counseling. Dr Keith Fortier is here one day a week providing gynological services. Our office staff is here to provide the best care possible, our nurse is Sandra Rodriguez LPN, receptionist is Wanda Linzer and the practice manager is Beth Kimball.

Cottage Hospital is now on facebook and twitter; go to cottagehospital.org for more information.

Dear Members of the Board of Selectmen:

It has been another very stimulating year at Cottage Hospital. We have had a mixture of progress, opportunity and challenges. This year we put a substantial focus on our Quality, Patient Safety, Core Measures and Transparency. We attained many goals on behalf of the communities that we serve. One highlight included our implementation of EMAR, which is an Electronic Medication Administration Record, that is designed to reduce the potential of medication errors and to allow for a more efficient process.

We did not fare particularly well financially this year. We believe the general economy, the unemployment rate, which has caused many people to be uninsured, and the advent of new insurance plans with high co-pays and deductibles, have had an impact on our bottom line. Our volume this year was essentially static on in-patient admissions and there was a decrease in out-patient services. This problem was not unique to Cottage, and we think to some degree we echoed what was happening in the rest of the country.

At Cottage Hospital we are all very proud of the individualized care and safety that we are able to give to our patients. Time and time again, we hear about the outstanding care that patients and family members have received while with us.

We know our communities are supportive of our organization, and we are extremely grateful for the financial support that our area towns have provided over the years. Although funds are always needed and welcomed at Cottage Hospital, we know there are many worthy organizations also asking for money this year and the Cottage Hospital Board of Trustees has decided **NOT** to ask the towns for financial support for the sixteenth consecutive year.

We thank you for your continued support and pledge to continue to do our best to provide you and your families with the highest quality of healthcare possible.

We hope that you will share this message in your 2009 Annual Report, and we will forward our 2009 Annual Report to you as soon as it is available. Best wishes for a happy and healthy new year.

Sincerely,

Dear Selectmen,

It is with pleasure that I can advise you of a reduction of about 7 percent to our annual assessment for ambulance service. This was voted at our recent Commissioners meeting and is a result of an improved billing process being performed in house now. The new rate will be \$13.50 per capita down from \$14.50 for the past few years. Based on the published population of 823, the annual assessment for your town will be \$11,110.50 for the coming year.

Our final budget will not be prepared until after the year end. If you would like a copy of our budget report, please contact Lori in our office at 747-3311 weekdays. Our EMS director, Mr Steve Robbins, can be reached at the same number for any other concerns.

As always, we appreciate the support of all 8 contributing Towns and are available to you for any questions or comments.

Sincerely,

Richard Guy, Chairman

ANNUAL REPORT
NORTH COUNTRY HOME HEALTH AND HOSPICE AGENCY, INC.
TOWN OF MONROE
2009

North Country Home Health & Hospice Agency has been meeting the home health and hospice needs of the North Country since 1971.

North Country Home Health & Hospice Agency provides skilled services such as nurses, therapist, home health aides, medical social workers, and homemakers. Under our hospice program we also pay for medications for symptom relief, medical supplies and equipment, short term hospitalization and in-patient respite care, counseling and pastoral support. Our Compassionate Care program provides limited amounts of free skilled care to those living with a life-limiting illness who are not eligible for traditional hospice benefits. In January 2007, we added hospice volunteer services to improve our continuum of care by creating an even stronger program of hospice and palliative care for residents. In 2009, we traveled 221,820 miles to provide 23,315 visits to the residents in our 21-Town service area.

North Country Home Health and Hospice relies on Town support and individual donations to help underwrite the cost of providing home health and hospice care to residents who are uninsured or underinsured. The Board of Directors and Staff of North Country Home Health & Hospice are grateful for your continued support of our work in this community and look forward to working with you to meet the home care and hospice needs of the residents of Monroe.

**2009
White Mountain Mental Health and Common Ground
Director's Report**

Town of Monroe

Last night, before I settled down to write this year's Director's Report, I opened the local paper. A feature story was devoted to Eric Hipple, a former Detroit Lion's football player, who lost his 15-year-old son to suicide. The article focused Mr. Hipple's story of tackling his own bouts of severe depression and surviving suicide loss. After reading the article, I had three thoughts. First, we have come a long way toward beating not only the illness of depression, but also the stigma of mental illness. A few years ago, I suspect Mr. Hipple would have hidden his personal struggle for fear of appearing weak or being blamed for his son's death. Today, he is able to use this experience to help others and to reassure all of us that, as the book title says, "Real Men Do Cry". For those of us in the mental health field, this progress is great to see. My second thought was that people reading the article need to know that Community Mental Health Centers like White Mountain Mental Health are here to help. In your community, you do have a place to turn when this kind of crisis strikes your family. My third thought was that our national and state governments are short-sighted in cutting funding for mental health. To put this another way, it is the best of times for mental health as more people recognize that getting treatment for a mental illness is much like getting treatment for a physical illness; private but not shameful. But it is also the worst of times. This year has been one of the most challenging ever for Community Mental Health Centers in our state and throughout the country. As the State of New Hampshire struggles with a budget deficit, payments to mental health centers are being cut. There is absolutely no subsidy to help mental health centers provide services on a sliding fee scale to those people who clearly need our support, but who are not severely and persistently mentally ill and eligible for State support through Medicaid. In this environment, I am happy to be able to report that White Mountain Mental Health, unlike many mental health centers and private practitioners, has continued to welcome all residents of our communities who come to us for help. Our ability to keep our doors open to everyone is directly related to the appropriations we receive from our towns. Your help is also crucial in allowing us to maintain our satellite locations in Lincoln, Woodsville and Lancaster. In this economy, being able to receive services close to home is important.

Many people have asked me this year if we notice a change in the people seeking mental health care. The answer is a resounding "yes"! People who have never needed mental health care in their lives are experiencing overwhelming challenges. Many hard working residents of the North Country have lost jobs this year. Loss of a job takes away not only income, but also health insurance and, in many cases, self esteem and personal stability. Our children feel the impact of our stress. It is hard to be a nurturing and patient parent when you are trying to come to grips with major losses in your life. Those who have been lucky enough to maintain employment may be working two or three jobs to make ends meet. It is hard to find a person who feels that their emotional and financial

status has improved this year. Our referrals are up and both the number of people needing our services and the severity of their situations has increased. We are thankful that our communities recognize the value of having a resource for mental health, substance abuse and developmental disabilities in their town.

This year White Mountain Mental Health provided **55.50** hours of service to **8** residents of the town of Monroe. During the year, we have literally saved lives, including the lives of young people who would otherwise have been lost to suicide. We encourage you to know the following warning signs:

- Appearing depressed or sad most of the time.
(Untreated depression is the number one cause for suicide.)
- Talking or writing about death or suicide.
- Withdrawing from family and friends.
- Feeling hopeless, helpless, strong anger or rage.
- Feeling trapped -- like there is no way out of a situation.
- Experiencing dramatic mood changes or a personality change.
- Abusing drugs or alcohol.
- Acting impulsively or recklessly.
- Losing interest in most activities.
- Experiencing a change in sleeping or eating habits.
- Losing interest in most activities.
- Performing poorly at work or in school.
- Giving away prized possessions.
- Feeling excessive guilt or shame.

Although some suicides occur with no warning, approximately 75% of suicides involve one or more of these signs. Thank you for maintaining a vital resource in your community.

GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC. ANNUAL REPORT 2009

Grafton County Senior Citizens Council, Inc. is a private nonprofit organization that provides programs and services to support the health and well being of our communities' older citizens. The Council's programs enable elderly individuals to remain independent in their own homes and communities for as long as possible.

The Council operates eight senior centers in Plymouth, Littleton, Canaan, Lebanon, Bristol, Orford, Haverhill and Lincoln; operates adult in-home care from offices in Lebanon and Haverhill; and sponsors the Grafton County ServiceLink Resource Center and RSVP and the Volunteer Center. Through the centers, ServiceLink and RSVP, older adults and their families take part in a range of community-based long-term services including home delivered meals, community dining programs, transportation, counseling, elder care, chore/home repair services, recreational and educational programs, and volunteer opportunities.

During 2009, 67 older residents of Monroe were served by the Council's programs offered through Horse Meadow or Littleton Area Senior Center. Six residents were assisted by ServiceLink.

- Older adults from Monroe enjoyed 439 balanced meals in the company of friends in the center's dining room.
- They received 164 hot, nourishing meals delivered to their homes by caring volunteers.
- Monroe residents were transported to health care providers or other community resources on 3 occasions by our lift-equipped bus.
- They benefited from 448 hours of licensed adult group day care at the Horse Meadow Senior Center.
- They received assistance with problems, crises or issues of long-term care through 42 contacts with ServiceLink.
- Monroe's citizens also volunteered to put their talents and skills to work for a better community through 162 hours of volunteer service.

The cost to provide Council services for Monroe residents in 2009 was \$12,911.61.

Such services can be critical to elderly individuals who want to remain in their own homes and out of institutional care in spite of chronic health problems and increasing physical frailty, saving tax dollars that would otherwise be expended for nursing home care. They also contribute to a higher quality of life for older friends and neighbors. As our population grows older, supportive services such as those offered by the Council become even more critical.

Grafton County Senior Citizens Council very much appreciates Monroe's support for our programs that enhance the independence and dignity of older citizens and enable them to meet the challenges of aging in the security and comfort of their own communities and homes.

2009 ANNUAL REPORT

Each year the Woodsville/Wells River Fourth of July Committee has the honor and the challenge of putting on a fun-filled day of activities and entertainment on the Community Field as well as the enormous parade. Along with the incredible man hours needed to do this we also need financial support. The Committee has had several unique ways in which over the years we have been able to achieve the funding needed to do this event. The generosity of our towns/municipalities, area businesses and the general public have all kept this celebration going. All of these contributions are greatly appreciated.

We have a number of fundraising events. The largest of which is the Souvenir Booklet that the Committee produces, courtesy of The Bridge Weekly Sho-Case. Local businesses, towns and individuals donate to the Fourth of July Committee and receive advertizing space in this booklet. It has become the local directory for many. This booklet also includes a dedication to a community member; write ups about both the Parade Marshall and the Grand Marshall, and an "In Memory of ..." section, where for \$5.00 a loved one can be remembered and honored, important information can be included as space allows, such as date of birth/death, military rank, etc.

Other fundraising activities include the donation jars placed in many of our area businesses, the \$10.00 raffle tickets which offer a top prize of \$1000.00 and a total of 8 prizes ending with four \$100.00 prizes, donation collections along the parade route, in addition to Bingo and "Critter Chip" Bingo on the Community Field. Other monies are received by renting space on the community field to concessionaires and vendors, as well as the amusement company paying to provide rides and some food.

All the funds raised in our numerous fundraising efforts go to provide a no charge entertainment filled day to anyone who would like to enjoy it. The celebration starts with the huge parade between the states, many bands playing throughout the day on the Community Field, field entertainers, incredible fireworks display and so much more.

Every year we face some difficult challenges. Economic times have made donations more difficult to come by, and with increases in the incidental costs, such as insurance, and bands, etc. we are always looking for new ways to raise funds. Additionally, the volunteers we have are wonderful, but there is so much to do in such a short time, that we are always looking for more help. The bingo tent, and "Critter Chip" bingo, parade set up, and walkers on the parade route, really needs some extra help, as well as having plenty of opportunities available to volunteer time before the 4th of July Celebration, as well. If anyone is interested, please send them our way!

As always, we welcome any questions or comments, and anyone interested in helping in any way is encouraged to contact us at Woodsville/Wells River Fourth of July, PO Box 50, Woodsville, NH 03785 or 603-747-2878 or at Woodsvillefourthofjuly@hotmail.com. The Committee meets every 4th Wednesday of each month at the Woodsville Emergency Services Building in Woodsville at 7:00 pm, all are welcome.

New in 2009 was the website that is generously manned by Linda Lauer of Bath, NH. After many years of effort, the Woodsville/Wells River 4th of July Committee has created a website to assist providing information to the public about the 4th of July celebration, and the committee's progress in planning it. Please check us out at www.wvr4thofjuly.com and let us know what you think, and how we can improve. We will be listing our schedule of events, past parade photos, and contact information, as well as advertising our theme contest.

Thank you for your continued support of the Independence Day Celebration. Hope to see you at the 2010 celebration, until then be well.

Robert Wormer
Chair, Board of Selectmen
Town of Monroe
Main Street
PO Box 63
Monroe, NH 03771

Dear Mr. Wormer,

Please accept this letter as a request for funds in the upcoming fiscal year for the American Red Cross in the amount of \$370 (\$0.45 per capita for the 2008 Monroe population of 823).

The Granite Chapter now serves about two-thirds of New Hampshire, including central and northern communities. Chapter staff and volunteers provide support and relief after a disaster; emergency preparedness training; courses in health and safety; blood drives; volunteer and youth leadership opportunities; and aid to military families. I have enclosed a brochure with additional information about the work of the Granite Chapter; our Annual Report is available upon request.

In fiscal year 2009*, your Red Cross chapter has been active in and around Monroe.

- Red Cross trained volunteers make up the chapter's **Littleton Area Disaster Action Team**, which responds to disasters day or night in Monroe and surrounding towns. In all, the Granite Chapter has seven Disaster Action Teams with over 100 specially trained volunteers. The other teams are based in Concord, Lakes Region, Plymouth, Berlin, Mount Washington Valley, and Colebrook, and travel to meet the disaster needs in any of our towns.
- Fortunately there were no home fires or other local disasters last year in Monroe that required Red Cross assistance. In all last year, our disaster volunteers responded to **119 disasters**, helping a total of **313 people**, including 109 children, in 44 towns. 80 percent of the local disasters were residential fires. Disaster teams were also on the scene of the July Tornado and the Ashland Floods in August. During the December Ice Storm, the Chapter operated 15 Red Cross emergency shelters round the clock, and worked with communities at another 30 emergency shelters.
- **569 Licensed Nurse Assistants** entered the healthcare field last year because of the training and/or testing through the Chapter's LNA training program.

ANNUAL REPORT - 2009

Riverbend Subcommittee

of the Connecticut River Joint Commissions

This year the Riverbend Subcommittee published a new and expanded *Connecticut River Recreation Management Plan* and *Water Resources Management Plan*, and sponsored a number of presentations to acquaint the public with the findings. Each plan represents many months of deliberation and reaching consensus among people of widely different backgrounds, and includes extensive detail about the condition and health of the river.

The *Water Resources Plan* emphasizes the environmental and economic benefits of keeping floodplains free of development and encouraging natural vegetation along riverbanks to keep them stable, block debris, shade the water, and filter pollutants from runoff. We encourage towns to consider our recommendations when updating town plans and revising zoning ordinances.

Landowners planning projects near water should check first with the town office to see if a state or local permit is needed. We urge all anglers and boaters to clean their gear carefully to avoid spreading Didymo and other invasive plants and animals.

The Subcommittee provides information and assistance to the states, towns, and landowners on projects near the river. The Subcommittee is advisory and has no regulatory authority. A calendar, more about Didymo, advice on bank erosion and obtaining permits for work near the river, the *Connecticut River Management Plan*, and much more are on the web at www.crjc.org.

Citizens interested in helping to represent the town should contact the Select Board.

Philip J. Blanchard, Monroe representative

CONNECTICUT RIVER JOINT COMMISSIONS

This year the Connecticut River Joint Commissions (CRJC) published a major atlas of the Upper Connecticut River Watershed, *Where the Great River Rises*, and provided complimentary copies to area libraries and high schools. In October, we hosted Governors Lynch and Douglas on a tour of the northern river valley. In our bi-state meetings, we considered issues as wide-ranging as the economics of farmland conservation to the Northern Forest Center's Sustainable Economy Initiative.

In 2009, we sponsored an assessment of the Ammonoosuc River to learn the causes of erosion. We completed fund-raising for a major riverbank restoration project at the Colebrook Business Park, where engineered log jams will be used for the first time in the Eastern U.S. to protect the bank from erosion. We also installed log jams in the lower Mohawk River to eliminate the cause of erosion at the business park.

Through the Connecticut River Byway, CRJC works with communities, businesses and the states to strengthen the local base for heritage tourism. In 2009, we updated the Byway Map and Guide and a major exhibit. Visit the Byway at www.ctrivertravel.net.

Appointed by the legislatures of New Hampshire and Vermont, the Connecticut River Joint Commissions welcome the public to our meetings on the last Monday of every other month. Visit our web site, www.crjc.org, for a calendar of events and useful information.

- ARTICLE 3: To choose by non-partisan ballot, a Treasurer for the ensuing year.
Treasurer, Laurel Theriault was re-elected with 125 votes and declared the winner
- ARTICLE 4: To choose by non-partisan ballot, one School Board member for a term of three (3) years.
School Board Member for three year term was Steve Sherman with 86 votes and declared the winner.
- ARTICLE 5: To see if the school district will vote to raise and appropriate the sum of \$180,000.00 (gross budget) for roof replacement/repairs and a new fire alarm system, and to authorize the issuance of not more than \$180,000.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the school board to issue and negotiate such bonds or notes and to determine the rate of interest thereon. The school board recommends this appropriation. (2/3 ballot vote required)
Motion made by Dan Powers and second by Karl Johnson to accepted article as written. Ballot vote 11-no and 140-yes. Articled passed
- ARTICLE 6: To see if the district will vote to raise and appropriate the amount of \$2,376,788.75 for the support of schools, for the payment of salaries for school district officials and agents, and for the payment for statutory obligations of the district. This article does not include appropriations voted in other warrant articles. (Majority vote required)
Motion by Dan Powers and second by Nathan Laffamme with the following: To see if the district will agree to raise and appropriate the amount of \$2,376,788.75 of which \$2,188,708.75 is raised from local revenue and \$188,080.00 is from Cat aid for support of schools, for the payment of salaries of school district officials and agents of the district. This article does not include appropriations voted in other warrant articles. Ballot vote was 60-no's and 94-yes's with the article passing.
- ARTICLE 7: To see if the Monroe School district will vote to approve the cost

Item included in the collective bargaining agreement reached between the Monroe School District Board and the Monroe Education Support Personnel association which calls for the following increases in salaries and payroll taxes:

Year	Estimated Salaries	Estimated Payroll Taxes	Estimated Increase
2009-2010	17,160.13	1,312.75	18,472.88
2010-2011	10,060.46	769.62	10,830.08
2011-2012	12,813.90	980.26	13,804.17

and further to raise and appropriate the sum of \$18,472.88 for the 2009-2010 fiscal year, such sum representing the additional costs attributable to the increase in salaries and payroll taxes over those of the appropriation at current staffing levels paid in the prior fiscal year. The school board recommends this appropriation.

Karl Johnson made the motion and second by Paula Guion to accepted this article as written. Moderator Denis Ward

Accepted motion From Karl Johnson and article passed.

ARTICLE 8: Shall the Monroe School District, if article 5 is defeated, authorize the governing body to call one special meeting, at it's option, to address article 5 cost items only. (This article may be passed over if article 5 is approved.)
Motion made by Dan Powers to pass over this article and was second by Karl Johnson.

District Administrator's Report to the Town of Monroe

2009/2010

Dear Monroe School Community Members,

I respectfully put forth these words with great hope that our beautiful little school is on the path toward healthy and positive reform. Change is often accompanied by pain. Whether it is fear of the future or clinging to views of the past, change takes patience, acceptance and understanding, especially when dealing with the welfare of children.

My actions are based on my vision. I have shared this vision with the School Board, staff, students, parents and in my regular website postings. It is based on my deep commitment to guiding the Monroe School toward a renewed and energized school program. It is a vision with a singular focus on the well-being of the beautiful children in this community. Your positive support will ensure we meet our goals.

We are blessed with a SUPERB staff, a thoughtful and caring School Board and some of the best kids I've ever had the pleasure to serve. We are now in the first stages of comprehensive reform; and with your support, we will build a much improved school program. But rest assured, it will be done in a fiscally responsible manner.

Fiscal prudence can only occur when the program includes a broad range of teaching tools to allow every student to succeed. This breaks the false and expensive reliance on Special Education for children who merely learn differently.

Here is an interesting quote from a famous researcher of family and school issues:

"Feelings of worth can flourish only in an atmosphere where individual differences are appreciated, mistakes are tolerated, communication is open, and rules are fair and consistent - the kind of atmosphere that is found in a nurturing family."

- Virginia Satir

I work each day with a dedicated staff that has the best interest of Monroe's children at heart. They are immersed in adding educational structures that did not exist before this year but are built on a solid foundation of existing work.

These changes and new structures will lower controllable Special Education costs in the short and long term. They will help our children appreciate their education and community and prepare them for the complex world they will face. The "basics" are certainly important; but developing a sense of responsibility as positive world citizens is an equally important goal.

Structures already created include a comprehensive early Literacy Program that will be extended to third and fourth grade this coming year, student-led conferences and our monthly whole-staff "Child Study" meetings. These are just

a few examples of the entire staff working together to solve tough issues in a confidential, procedural manner.

I hope you all read the comprehensive "Plan Forward" that has been distributed throughout the town and is available on the school's website. It gives a detailed explanation of these changes and will make you all proud of the Monroe Consolidated School.

So, please join us in shepherding our amazing little school to its next phase. This holds the promise of fulfilling what we all want: a school where every child has the opportunity to find his/her gift and every parent is proud to send their children because it's known for excellence and fiscal responsibility.

REPORT OF THE SCHOOL NURSE
School Year 2009-2010

Monroe School participated in two H1N1 clinics. One was held at Woodsville High School and the other at Monroe Clinic. The CDC (Center for Disease Control) is recommending everyone get the seasonal flu shot and H1N1 vaccine. Children under 10 years old need two immunizations of the H1N1. Thank you to all who helped with the clinics.

All of the Monroe school staff and students have been very diligent in good housekeeping and preventive measures to stop the spread of germs. Parents have been a great asset in preventing the spread by teaching good hand washing and cough hygiene and staying home when ill. Because of this team work we have managed so far to keep the illnesses to a minimal.

The 2008-2009 Immunization Audit has been completed. For the 2009-2010 school year several families were contacted in regard to an update of their child's immunization record. If you were one of the parents contacted and you haven't responded yet, please contact your doctor's office and have them fax an updated record to the school at 603.638.2031. For those of you who have responded, thank you for being so prompt! In the future please provide the school a record of any immunization that has been given as soon as possible thereafter.

It is a state requirement that your child be up to date or has on file with the school a medical or religious exemption. If there is anyway I can help with the process, please contact me. Because it is state mandated any non-compliant child must be excluded from school until they meet the criteria for conditional enrollment.

Hearing and vision screenings have been started and will be done on most students. If screening is failed you will be notified. Should you have any concerns or wondering if your child has been screened, please call me.

Keep healthy and safe and take care of one another.

Gaye Warner, RN

MONROE PTF

The Monroe PTF (Parents, Teachers and Friends) is a non-profit organization that makes more enrichment activities possible by various fundraisers that we do throughout the scholastic year. We meet the third Monday of each month and welcome anyone who would like to participate and contribute toward this worthy cause.

In the past, we sponsored Circus Smirkus that was enjoyed by everyone. Every child who desired had the opportunity to perform, learn something new and work as a team. We also hold a Silent Auction every year at the Annual Craft Fair in November which is sponsored by the Monroe Fast Squad. Area businesses that are willing to donate items or services make this possible.

We have held movie nights so that the student community and parents may get together to enjoy a very affordable and fun night out. The PTF sponsors our annual Community Service Award which recognizes an individual or a group who works diligently to serve our community. In March of 2010, we are going to sponsor our Monroe Children once again as they will perform *Oliver Twist* under the direction and supervision of Children's Stage Adventures, Inc.

Our new District Administrator, Tom McGuire, has requested that the Monroe PTF keep accountability of money made from all school fundraising endeavors. Though this is a summary of what we do to benefit our school community, there is so much more we do to benefit the children and the greater Monroe community. New members with fresh ideas are encouraged to join. Thank you.

Sincerely,
Monroe PTF

INDEPENDENT AUDITOR'S REPORT

To the School Board of Directors
Monroe School District
Monroe, New Hampshire

We have audited the accompanying financial statement of the governmental activities, each major fund, and the aggregate remaining fund information of the Monroe School District, as of and for the year ended June 30, 2009, which collectively comprise the District's basic financial statement as listed in the table of contents. These financial statements are the responsibility of the Monroe School District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2009, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's discussion and Analysis (MD&A), supplementary combining and individual fund financial statements and budgetary comparison information presented on pages 3 through 7 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America.

We have applied certain limited procedures, which consisted principally of inquiries of management regarding methods of measurements and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Governmental Auditing Standards*, we have also issued a report dated September 21, 2009 on our consideration of the Monroe School district's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations contracts, grant agreements, and other matters.

The purpose of that report is to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.
